— 01. ABOUT TRF AL-MUHIT

TRF AL-MUHIT (TMco) is a Baghdad-based startup in general trading and contracting, established in June 2023 with a clear and focused ambition: to become a premier contractor in Iraq's Oil & Gas and energy sector. Registered legally with the Ministry of Trade under No. A-2-20570 and with the Ministry of Finance under No. 902143908, we operate with full regulatory compliance and institutional credibility.

We are built on the conviction that Iraq's energy industry demands contractors who combine technical precision with entrepreneurial agility — professionals who understand the stakes, respect timelines, and never compromise on quality. From our inception, we have positioned ourselves not merely as a service provider, but as a strategic partner to our clients' most critical operations.

Our footprint spans workforce supply, procurement, and full-scope construction — including civil, mechanical, electrical, and architectural work — serving clients across both the public and private sectors. We bring international standards to every engagement, delivered by a team of seasoned professionals who are driven by results.

Oil & Gas Processing Facility — the industry we serve

03. OUR PILLARS

Three principles define who we are and how we work:

VISION	MISSION	VALUES
<p>To be a premier contracting company in Iraq's local and international Oil & Gas and energy sector.</p> <p>Delivering solutions with an unwavering commitment to excellence, meticulous attention, and superior quality.</p>	<p>Deliver skilled workforce and cultivate lasting business partnerships, overseen by seasoned professionals dedicated to meeting and exceeding client requirements with expertise and precision.</p>	<p>Customer Experience — Superior service at every touchpoint.</p> <p>Empowered Team — Talented people who thrive on client success.</p> <p>Process Innovation — Continuous improvement in quality & operations.</p> <p>Growth Commitment — Earning trust</p>

through unwavering
excellence.

— 04. OUR SERVICES

Three integrated service lines for the energy sector

01

WORKFORCE SUPPLY

- ▶ Comprehensive human resource recruitment tailored for the Oil & Gas industry
- ▶ Extensive vetted talent database built over years of operational experience
- ▶ Adaptive staffing — scalable workforce solutions for all project phases
- ▶ In-house evaluation and capacity-building system for quality assurance
- ▶ Transparent reporting available to clients via pre-established agreements
- ▶ Provision of skilled engineers, technicians, supervisors, and field laborers

02

PROCUREMENT

- ▶ Professional procurement of works, goods and services for public, private and NGO clients
- ▶ Acts as Procurement Service Provider (PSP) — supplementing or replacing internal departments
- ▶ Strategic sourcing, supplier rationalization, supplier collaboration and negotiation
- ▶ Budget modeling, procurement document preparation, and thorough administration
- ▶ Full procurement cycle: requirement identification through delivery and invoicing
- ▶ Leverages latest procurement technologies to streamline source-to-pay processes
- ▶ Significant cost reduction for clients while maintaining best industry practices

Precision-driven procurement — every cog in the process matters

03

CONSTRUCTION

- ▶ Civil works — government, commercial, industrial, and educational buildings
- ▶ Oil & Gas facilities, piping networks, substations, and sewer systems

- ▶ Mechanical construction — piping systems, tank erection, fitting, rigging, flange management
- ▶ Painting & Protective Coating — corrosion prevention for tanks, pipelines, and wellheads
- ▶ Equipment Installation — stationary and rotary equipment per API RP 686 standards
- ▶ Electrical works — switchgear, substations, cable pulling, earth mesh laying & welding
- ▶ Architectural works — design execution from feasibility study through project completion
- ▶ All work governed by international standards with Safety First, Quality a Must philosophy

Industrial-scale construction — built to international standards

— 05. WHY CHOOSE TRF AL-MUHIT

◆ ENERGY SECTOR SPECIALIZATION

We are built specifically for Oil & Gas. Our processes, our people, and our standards are calibrated for the demands of the energy industry — not adapted from generic contracting experience.

◆ AGILITY & SPEED

As a dynamic startup, we move faster than larger incumbents. We adapt quickly to scope changes, mobilize resources rapidly, and resolve challenges without bureaucratic delay.

◆ INTEGRATED CAPABILITIES

◆ INTERNATIONAL STANDARDS,

From talent supply to procurement to full construction execution, TMco offers an end-to-end service ecosystem — reducing your coordination burden and contractor overhead.

LOCAL EXPERTISE

We apply globally recognized quality frameworks — including API codes — while leveraging deep knowledge of Iraq's regulatory environment, supply chain, and operational realities.

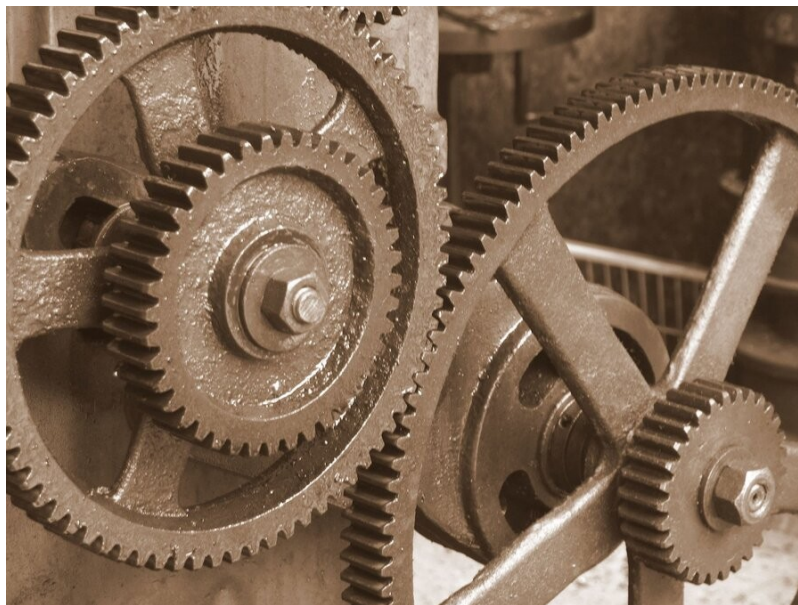

◆ TRANSPARENCY & ACCOUNTABILITY

We operate with verifiable documentation, structured evaluation systems, and full compliance with Iraqi commercial and financial regulations — giving our clients complete visibility and peace of mind.

◆ PARTNERSHIP-FIRST APPROACH

We don't just deliver contracts. We invest in your success. Client satisfaction is not a metric we chase — it is the foundation of every decision we make.

— 06. LET'S BUILD TOGETHER

TRF AL-MUHIT exists to reshape what contracting looks like in Iraq's energy sector. We combine the hunger of a startup with the discipline of a company that respects the weight of every project we sign. Whether you need a workforce deployed next week, a complex procurement managed end-to-end, or a construction project executed to international standards — we are ready.

Your goals are our objectives. Your success is our measure of achievement.
